About

I am excited to embark on a rewarding journey as a Software Engineer, harnessing my keen eye for detail, strong analytical skills, and systematic approach to problem-solving any software. My passion lies in ensuring the highest quality of software products by meticulously testing and validating every aspect of their functionality. I prosper on collaborating with diverse teams to deliver flawless results and exceed client expectations. My primary goal is to contribute to the success of a dynamic organization, while also advancing my expertise in manual testing and making a positive impact on the software development process.
